JAWAHAR FOUNDATION

An Initiative by Riju Jhunjunwala

From the desk of Riju Jhujhunwala

Welfare of the people and supporting our community is a part of our group's DNA. A path set out by my grandfather, Shri LN Jhujhunwala, who has been the inspiration of my journey of helping those who are in need and giving back to the society.

From supporting the Ramakrishna Mission to establishing schools at our manufacturing locations and providing aid in natural calamities such as floods, we have been doing our bit to help and support those in need.

It has been my vision to do something for my homeland (Rajasthan) and carry our legacy of supporting the communities ahead. In order to fulfil this vision, I contested the Lok Sabha Election from Ajmer and decided that whether I win or lose, I would make sure that the people of Ajmer and Bhilwara receive what they deserve. "A better life"

This gave birth to Jawahar Foundation in 2019 with a mission to empower & support the people of Ajmer & Bhilwara. We started with opening of 5 skilling centres for women and in a span of just two years, despite the difficulties caused by the pandemic, Jawahar Foundation has now become a house hold name and people today believe that we will provide a solution in case of any problem in their lives.

We are currently focusing on five key development areas: Health & Sanitization, Food Security, Education, Employment Generation and Water Availability and shall continue this endeavor until every citizen of Ajmer and Bhilwara has been empowered.

If you believe that you also should do something good for the society in which we live, then I urge you to join my cause.
